Extension Lecture on Conservation of Herb & their Ethnomedicinal Importance

SSM College, Dinanagar organized “Extension Lecture on Bio-Science” on 06th April, 2023. This programme was organized by the Department of Bio Science under the supervision of Principal Dr. R.K.Tuli. The whole Lecture was focused on the concepts of “Conservation of Herb & Ethno-medicinal Importance”. The speaker explained that understanding Biological sciences become heightened by the study of Conservation of Herb & Ethno-medicinal Importance. The objective of this lecture was to explore Bio science and to understand its role in the medical science and health system. The lecture was very informative and ended with interactive session with the students.
