Action Taken Report on Alumni's Feedback

- On many occasions, alumni were invited as guest speakers and resource persons to interact with the students to know the working culture of the industries and corporate sector.
- Projectors were installed in classrooms and laboratories. The faculty members were also advised to teach using LCD projectors.
- Various Industrial visits were organized for the students to get first-hand experience of the working of industries related to their academic subjects.
- The college organized diverse activities such as seminars, workshops, experiential and participatory learning sessions, capacity building programs and mock interviews to enhance the overall learning experience of the students.
- Students were encouraged to work in teams to promote collaborative learning and prepare for future professional environments where teamwork is often required.
- More add-on/certificate courses were introduced as per industry needs to improve the employability of students, bridge the skill gap and ensure relevance in the rapidly changing job market.
- More vocational subjects were added in Bachelor of Arts.
- The teachers were advised to help each student to understand Course outcomes and Program outcomes.
