- The Celebration of National and International Days helps in spreading and maintaining communal harmony.
- National and International day's celebration marks the importance of historical events in the country and to value the sacrifice and contributions of various great leaders.
- The Celebration of National and International events preach the students and remind them about our country's heritage and history.

### **The Context**

Students, the prospect of the State, play an incredibly imperative position in nation building. One should be earnest about his duties not merely for self but in addition in the projection of the State. One is to do the utmost hard work in the undeviating probable extent without intriguing pressure. Students must encompass to carry out the vocation with heartfelt efforts. This is promising only when the obedience is inculcated by making the students awake of their duties and tasks. Seeds of obedience are obliged to be sown in their minds all the way through moral values and ought to be utilized for the betterment of the character, civilization and the population. The teaching values should assist them to mould themselves into devoted citizens. As scholastic obedience deserves solemn thoughtfulness. Celebration of national and international events brings the very custom and civilization into the heart and relics till they get older and turn out to be a sincere component of the nation respectively. Hence, students come forward as new way of hope to restructure other progression of national reconstruction. The ultimate challenge that been faced is to bring back the ethnicity, moral values and admiration towards the cultural heritage because possibly the young learner's are inclined more towards the western culture and their approaches towards the concept of modernization and fore mostly leaving their roots behind.

### **The Practice**

Imperative National and International Days are notable throughout the year. Some are illustrious as a mark of respect to the milestones while some are dutiful to commemoration. To augment student's intellect proportion

or to encounter up their wide-ranging wakefulness skills, it is of the essence to acquire a clutch of these dates and days. Various activities like Seminar, Awareness Programme, Awareness Lecture, Declamation Contest, Singing and Dancing Competition, Addressing Lecture on distinguished heads and Pledge taking on contemporary outline are well thought-out by diverse departments in the college to observe these out of the ordinary days. The organization has taken initiatives to construct attentiveness amongst students throughout these actions.

### **Various Activities conducted by college under Best Practice: National and International Days**

The activities under “National and International Days”, best practice during 2017-2018 are given below:

- *“International Yoga Day Celebration” by the Department of Youth Welfare on 21<sup>st</sup> June, 2017.*

### **Evidence of Success**

While celebrating these extraordinary days majority of the students enthusiastically participated which bring enrichment in acquaintance of students positively. Seminar and awareness programs along with declamation contests based on such proceedings make obvious the belief and the views that they grasp on the subject of their state and the other nations. It assists students in exploratory their special attitudes towards ethnicity, inheritance, nationalism, individual privileges and responsibilities and accountability accordingly. Students’ energetic contribution and their awareness through declamation competition demonstrate well-built confirmation towards accomplishment of our intention to celebrate these existences respectively.

### **Problems Encountered and Resources required:**

Every celebration of National and International Days requires the commitments not just from within the premises of the college campus but positively from the external sources too. The Teacher’s Day Celebration was to be conducted at the Block Level but due to some hindrances it remains at a small pace. Furthermore the World Mathematics Day need to be celebrated at the Inter College level but due to the short notice urgency and withdrawn of many inter colleges teams leads to the existence and celebration within the college premise only. Additionally, the Pledge Taking on International Anti Terrorism Day had to be celebrated in collaboration with The Shaheed Sainik Parivaar Parishad respectively because of the MoU, but due to some busy scheduling it didn’t make it to the respective date and ultimately it is done solely by the college administration accordingly. Hence external factors pose the obstacles.
