

Swami Swatantranand Memorial College Dinanagar

A Multi Faculty Post Graduate Institute | Accredited with 'A' Grade by NAAC
Affiliated to Guru Nanak Dev University, Amritsar

**BEST
PRACTICE**

Academic Year: 2020-2021

Best Practices:1

1. Title of the Practice: Best Use of Information & Communication Technology during Covid-19

In recent years, increased computing power, improved wireless and user-friendly technology have contributed to lowering barriers to information access and exchange. The prospective for using more inventive, cost-efficient, and manageable and user-friendly ICT solutions in education has become increasingly feasible. ICT competency involves cognitive as well as technical proficiency to use, access, create, develop and communicate information appropriately using ICT tools.

2.Objectives

- To inspire vulnerable communication among students, faculty, and others.
- To enhance quality of learning tools, presentations, and lectures.

3.The Context

ICT provides more creative solutions to different types of learning inquiries. ICT based learning and teaching deliberately enhance knowledge both in the context of student and teachers.

4.Practice

By making students aware about ICT, they can access all types of information from beginning to advanced levels with ease through the use of computers, laptops, and personal digital assistants (PDAs). On the other hand, ICT involves specific applications that provides innovative ways to meet a variety of learning needs.

5.Evidence of success

During Covid-19 the students' faced many problems but ICT tools helped them lot. Students' active participation in online quiz competitions, online poster presentation competition and online power point presentation competition depicts the strong evidence towards its importance and use.

6. Problems Encountered and Resources required:

- Lack of appropriate hardware, software, and materials.
- It requires technological availability, accessibility of ICT equipment, time to plan for instruction, technical and administrative support, which is sometimes not reasonable.

7. Activities conducted by college under Best Practice: Information and Communication Technology

- Webinar on **"Emerging Technology in Computing"** on 26th November, 2021.
- International Webinar on **"Societal Impact of Machine Learning Approaches"** on 27th January, 2021.
- International Webinar on **"Scenario of Data Analytics and Emerging Technologies at Global Level"** on 5th February, 2021.
- Online Power Point Presentation organized by Economics Department on 29th June, 2021.
- Webinar on **"Latest Development using Learning Techniques"** 9th October, 2021.
- Awareness about EVM and Quiz Related to Election organized by Political Science Department on 29th October, 2021.
- Power Point Competition on **"Various Economical Issues"** organized by Department of Economics on 19th December, 2021.
- **Professional Development Programme** by IQAC for Teaching and Non-Teaching, Academic and Administration Software on 23rd December, 2021.
- Workshop on Koha Software organized by Department of Library Science on 27th December, 2021.
