

Swami Swatantranand Memorial College, Dinanagar

(Affiliated to G.N.D.U Amritsar | Accredited with 'A' Grade by NAAC)

Green Policy of the Institution

Green Policy of the Institution:

A Green Campus is a place where environmental friendly practices and Education are combined to promote sustainable and eco-friendly practices in the campus. The green campus concept offers an institution the opportunity to take the lead in redefining its environmental culture and developing new paradigms by creating sustainable solutions to environmental, social and economic needs of the mankind.

The green & clean policy of SSM upholds our commitment to become an institution that is environmentally sustainable. As a crucial component of our operational practises, we actively support initiatives that lessen our negative environmental effects and continuously enhance our environmental performance. In addition to reduce our potential carbon footprints, we work to create a safe and healthy environment for our staff and students. The institution has its own policy to reduce this impact by adhering to the following sustainable practises. Our institution's Green Policy embodies our commitment.

Objectives of the Policy:

- To live in Harmony with the Environment.
- To protect and conserve ecological systems and resources within the campus.
- To ensure judicious use of environmental resources to meet the needs and aspirations of the present and future generations.
- To integrate environmental concerns into policies, plans and programmes for social development and outreach activities.
- To work with all stakeholders and the local community to raise awareness and seek the adoption of environmental good practice and the reduction of any adverse effects on the environment.

- To continuously improve our contribution to climate protection and adaptation to climate change and to the conservation of global resources.
- To continuously improve the efficient use of all resources, including energy and water, and to reduce consumption and the amount of waste produced, recovering and recycling waste where possible.
- To make the campus plastic free.

Green Campus & Clean Campus Initiatives:

- Keep the campus neat and clean.
- Encourage students to plant more trees in campus as well as outside campus.
- Work to conduct internal and external green audits.
- Encourage the development of local plants within and around the college campus.
- Provide purified drinking water.
- Reduce the amount of paper use and then recycle or reuse it as much as we can.
- Work in an entirely paperless office by using electronic means such as e-notices, e-attendance, e-marks uploading, and e-fee management.
- Use sanitary napkin vending machines to distribute Aloe Vera organic napkins. Use incinerators to dispose of sanitary pads in a sustainable manner.

- Look for substitute sources of energy. Reduce the amount of energy and water used in our structures and operations to save natural resources and limit the usage of them.
- Completely stop using single-use plastic water bottles.
- Invest in goods and services that have the least negative environmental effects.
- Dispose of the biomedical and electronic waste of institute in accordance with government of India regulations.
- Raise students' awareness about environment and motivate them to take environmental responsibility seriously.
